Design, IU School of Art + Design*

IU Libraries' Artists' Book Collection features thousands of artistic objects utilizing the form of a book as a point of inspiration. These works of art are often one-of-a-kind objects. Guest artists from the Midwest will present hour-long lectures highlighting their personal projects and inspirations. *A reception will immediately follow each lecture at the Fine Arts Library.* Examples from the Artists' Book Collection now on display in the Fine Arts Library. Search "artists books" in IUCAT to view titles in this collection.
